Introduction: What is God doing in our world today?

1. The healing was a miracle - but a 'lesser miracle'

2. God's work today is greater miracles

3. Greater miracles today

- happen to people when they hear and believe
- cause people to move from 'judgement' to 'eternal life'

Conclusion:

**Questions for discussion:**

Why do we naturally value the physical more than the spiritual?

How might a friend / colleague experience a greater miracle today?

What part might I play in that?
