

Could science

point to God?

Could science point to God?

Richard Buggs is a Professor of Evolutionary Genomics at a Russell Group University, who has published over 80 research papers including in *Nature* and *Science*. He is a Christian with an interest in issues where biology and Christianity intersect.

Tuesday 29 September

13:10 - 13:40

The Mudlark, SE1 9DA

LONDON BRIDGE *TALKS*
